

TH & STTH

1-1/2" Wide

3 Terminals, 3 Heat

STTH
Only

STTH
Only

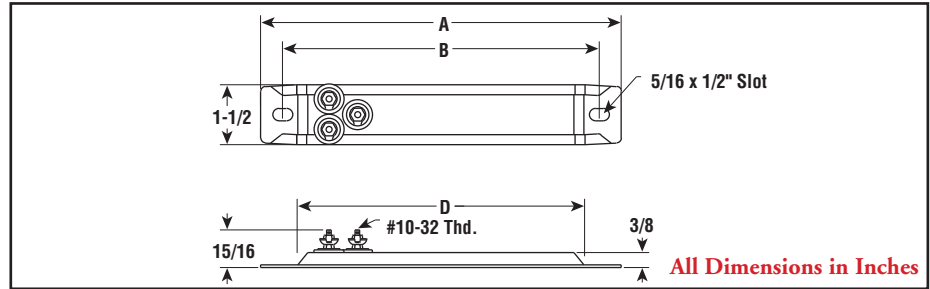

STTH
Only

- 3 Terminals, One End (type TH)
- 3 Terminals, Centered (type STTH)
- 10-1/2" - 23-3/4" Lengths
- 400 - 3,000 Watts
- 120 and 240 Volt
- 10 - 20 W/in²

Dimensions (type TH)

Applications

Strip heaters are used for heat transfer by conduction or convection to heat liquids, air, gases and surfaces.

Three-Heat Strips — Have three terminals that split the heater into two equal circuits. Center terminal is common.

Dimensions (type STTH)
